

MY FAVORITE PLACE IN THE CITY

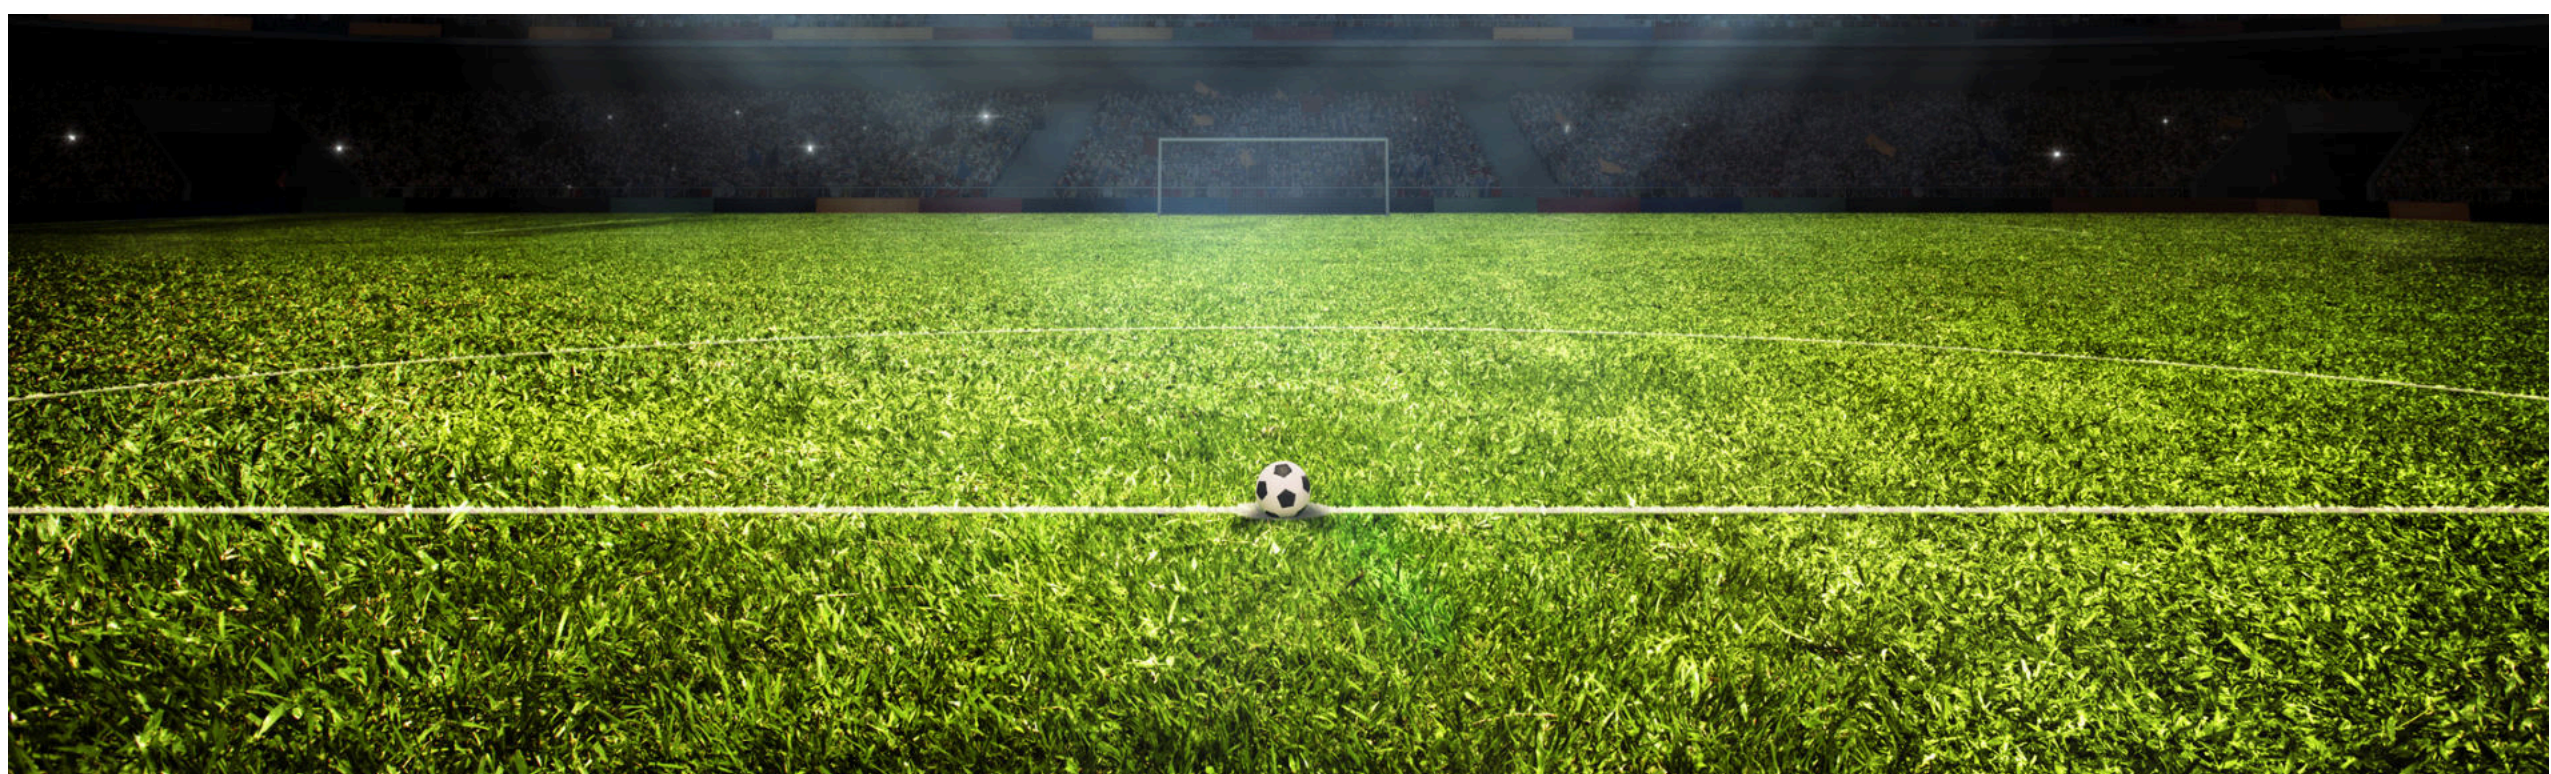

Okay, it's basically a hockey hall. It's my favorite because when I was younger I almost lived here. I've been playing hockey for 16 years.. so it's almost like my home. The best part of the hockey hall is that it is all-time cold. I love that.

MY FAVORITE PLACE IN THE CITY

When it comes to my favorite places in my city, there are two that stand out. The first one is a small forest on the outskirts of Poruba, near the college dorms. It's a peaceful spot with a charming little pond and a stream running through it, making it a perfect escape from the busyness of daily life. I love going there for a walk after school, especially when I need to clear my mind or just relax surrounded by nature. The quiet atmosphere and the beauty of the place always help me recharge.

My second favorite place is a gym located in Ostrava Zábřeh. I visit the gym about 3-4 times a week, and it's become a huge part of my routine. I enjoy pushing myself and seeing progress, whether it's in strength or fitness. The sense of accomplishment after a good workout keeps me motivated, and I can't imagine my week without these sessions. It's not just about staying in shape; the gym has become a space where I focus on my goals and take time for myself, and I don't see myself stopping anytime soon.

MY FAVORITE PLACE IN THE CITY

My favorite place in my village is undoubtedly our local forest. It's a peaceful, natural retreat where I can spend my free time, either alone or with friends, and it never gets old no matter how many times I visit. In fact, I can't even count how often I've been there with my friends over the years. Most of the time, we head there for some fun playing airsoft, setting up different scenarios and getting lost in the excitement of the game. The forest provides the perfect setting for airsoft, with its dense trees and natural cover, making every session feel like a new adventure.

Occasionally, we also camp there overnight, setting up tents and enjoying the calm and quiet of the outdoors. There's something special about sitting around a campfire under the stars, telling stories, and just enjoying the simple pleasure of being surrounded by nature.

However, I wouldn't recommend visiting when the sound of shots can be heard echoing through the trees—it's probably just us playing airsoft! Despite that, the forest is a place full of good memories for me, and it has become an essential part of my life in the village. Whether it's for an exciting airsoft battle or a peaceful night under the stars, the forest never disappoints.
